

ANIMAL CARE & SHELTERING CONSULTANTS

332. E. Cuero St. Giddings TX. 78942
979-542-5010 – 877.700.2201
www.animalcareconsultants.com

PHASE I CONSULTANT PACKAGE- \$3,500.00

Phase I includes the following but may not be limited to the following:

1. Initial trip to city/county and meeting with whomever (counsel persons/commissioners) to evaluate needs and expectations for current/future animal care & control needs. A complete assessment will be provided to the appropriate persons.
2. Educate all decision makers on all the laws, rules and regulations in the renovation, construction and/or operation of an animal control department and animal care facility.
3. Determining the types and numbers of animals expected to house/dealt with. (plan facilities accordingly)
4. Discuss any intra-local agreements with other entities to pay/use the facility.
5. Provide preliminary drawings/plans for a physical facility to meet the current and future needs, approved by the state.
6. Assist choosing an architect and providing him/her with vital information/knowledge in a correct/workable/economical design.

PHASE II CONSULTANT PACKAGE - \$3,500.00

Phase II, includes but not limited to the following.

1. Assistance with guidance throughout construction (suggested (C/C) acting as your own contractor with an onsite construction manager, using local tradesmen)
2. Providing guidance for necessary equipment and furnishings needed for proper operations of the facility.

ANIMAL CARE & SHELTERING CONSULTANTS

3. Determining and showing needs for adequate personnel to efficiently operate the animal care and control department and facility.
4. Providing all necessary training for existing and new hire, and volunteer personnel.
5. Prepare facility for final walk through and state approval.
6. Bring facility/personnel to full operational status.

PHASE III CONSULTANT PACKAGE - \$ 3,500.00

1. Setting up a complete shelter computer recordkeeping system and training all appropriate personnel.
2. Training for all PD/SO officers in properly handling an animal bite call, officer and public safety in dealing with possible rabies suspect.

Phase I is imperative to get all involved in the decision making ‘educated’ in order to make an informed decision and a good “workable” design to meet your city/county current and future needs. Any design flaws/ mistakes can/will cost many dollars throughout the process and certainly in future labor cost if not corrected.
